BẢNG GIÁ AMPERES QUÝ IV/2011

STT	S N P H M	H ÌNH NH	MODEL	GIÁ L
PAGING MICROPHONE				
1	Desktop Paging Microphone - Direct paging with built in chime, balanced line output, mic active contact		PM1000	98.0
2	Desktop Paging Microphone - 6 zone select with built in chime, balance line output and ALL CALL		PM1060	152.0
3	Desktop Paging Microphone - 12 zone select with built in chime, balance line output and ALL CALL		PM1120	174.0
4	Digital Desktop Paging Microphone - 24 zone select with built in chime, balance line output and ALL CALL, 4 fixed groups, RS485 data, 12VDC power adaptor - Note : Application with 2 nos of TD6801, 2 nos of ZS5121 or 4 ZS602 for complete installations		PD2400	275.0
5	Digital Desktop Paging Microphone c/w EX2800 external connection unit - 108 zone select with LCD display, 9 programmable grouping and ALL CALL, built in selectable chime, RS485 data, - 24VDC power adaptor and EX2800 external connection unit to use with TD6240 data receiver		PD2800	446.0
6	Emergency Paging Pane - Paging panel with handheld dynamic microphone, siren tone generator, remote siren trigger, emergency visual indicator		EP1200	180.0

INPUTS AND DATA				
7	CD / MP3 / AM-FM TUNER		CD1001	282.0

8	Chime / Siren tone generator - 4 chime / 2 siren tone generator		CM1400	120.0
9	24 Zone Rack Mounted Data Decoder - 24 ch Data-analogue decoder; rack mounted 1 hu with 3 PD series mic inputs		TD6240	207.0
10	Multichannel Programmable Timer - 8 channel triggering ports with pulse dry contacts - 250 pre set triggering time - RS485 data for remote monitoring - Westminster chime output with adjustable volume		PT1800	307.0

MATRIMIX SYSTEM

11	8 x 8 Matrix Controller - Microprocessor based controller unit with 8 mic / line / remote input, 8 channel RS485 remote panel, 1 remote paging mic and 1 local mic. Built in voice/message recorder, chime and monitor panel.		MXP2188	1,206.0
12	MatriMix Remote Paging Mic - 8 / 16 channel remote desktop paging microphone - Note : Dedicated for usage with MxP2188 matrix mixer.		PD1160	220.0
13	Zone Remote Control Panel - Source and volume control selection panel with soft touch sensor switch - Note : Dedicated for usage with MxP2188 matrix mixer.		RP1104	137.0
14	Remote Audio Input Panel - For audio feed from remote location to controller, to be used with RP11004 for full function - Note : Dedicated for usage with MxP2188 matrix mixer.		RP1105	137.0
15	MatriMix Controller Microphone Splitter - To split mic connection to more two MxP2188 in cascade mode		MS1103	68.0
16	MatriMix Paging Mic Extender - For PD1160 desktop mic extension to more than one unit, run in series connection, RJ45 connector		EX1102	68.0
17	MatriMix Emergency Relay Panel - 8 inputs relay panel to be linked to EP1200 for emergency announcement		ER1108	213.0

PMX SYSTEM - MUSIC SERVER SOFTWARE

18	Software PMX System		PMX	484.0
----	---------------------	---	-----	-------

MIXER AMPLIFIER

19	60W 100V line desktop mixer amplifier - 60W 100V line 6 mic / line selectable inputs, 3 zone output mxier amplifier with phantom power, priority		MA2060	353.0
20	120W 100V line desktop mixer amplifier - 120W 100V line 6 mic / line selectable inputs, 3 zone output mxier amplifier with phantom power, priority		MA2012	384.0
21	Mixer amplifier basic 60W 100V - 60W 100V line output ; 6 input basic mixer amplifier		MB2106	282.0
22	120W 100V line basic mixer amplifier - 120W 100V line output ; 6 input basic mixer amplifier		MB2112	305.0

B T I N KHU CH I (PRE-AMPLIFIER)

23	Pre-amplifier Mixer - 12 inputs audio mixer (6 mics, 4 BGM sources, aux, ext line) for PA application with dual output; BGM source and mixed audio, Phantom power for Ch1 - 4		MX2222	245.0
24	Audio Distribution Amplifier - 2 input 8 output distribution amplifier		DA2208	238.0

POWER AMPLIFIER

25	5w 8 Ohm mini amplifier - Amplification of TV output signal to 8ohm ceiling speakers in bathroom etc.		PA310	43.0
26	10w 8 Ohm mini amplifier - Amplification of TV output signal to 8ohm ceiling speakers in bathroom etc.		PA320	48.0
27	30w 100V line mini amplifier - Amplification of line audio input to 100V line output		PA330	86.0
28	60W 100V line power amplifier - 60w rms mono power amplifier with 24V DC / 240V AC input, 2 hu height		PA2060	359.0
29	120W 100V line power amplifier - 120w rms mono power amplifier with 24V DC / 240V AC input, 2 hu height		PA2120	383.0
30	240W 100V line power amplifier - 240w rms mono power amplifier with 24V DC / 240V AC input. 3 hu height		PA2240	430.0
31	360W 100V line power amplifier - 360w rms mono power amplifier with 24V DC / 240V AC input. 3 hu height		PA2360	523.0
32	480W 100V line power amplifier - 480w rms mono power amplifier with 24V DC / 240V AC input. 3 hu height		PA2480	572.0

POWER AMPLIFIER (AFS)

33	60W 100V line power amplifier with Auto Fault Sensing (AFS) - 60w rms mono power amplifier with 24V DC / 240V AC, built in switchable Auto Fault Sensing, 2 hu height	PX2000S	396.0
----	--	---------	-------

34	120W 100V line power amplifier with Auto Fault Sensing (AFS) - 120w rms mono power amplifier with 24V DC / 240V AC, built in switchable Auto Fault Sensing, 2 hu height		PX2100S	422.0
35	240W 100V line power amplifier with Auto Fault Sensing (AFS) - 240w rms mono power amplifier with 24V DC / 240V AC, built in switchable Auto Fault Sensing, 3 hu height		PX2200S	473.0
36	360W 100V line power amplifier with Auto Fault Sensing (AFS) - 360w rms mono power amplifier with 24V DC / 240V AC, built in switchable Auto Fault Sensing, 3 hu height		PX2300S	562.0
37	480W 100V line power amplifier with Auto Fault Sensing (AFS) - 480w rms mono power amplifier with 24V DC / 240V AC, built in switchable Auto Fault Sensing, 3 hu height		PX2400S	612.0

POWER AMPLIFIER

38	Quantum series Power Amplifier - Available in 125 / 250 / 375 / 500W 100V line output in compact 2 hu height - Digital setting for various control features such as bass, treble, fan speed, etc - Built in Auto Fault Sensor and Changeover relay for standby fault changeover - RS485 data port for remote monitoring3 - Fan speed option ensures longer lifespan of the unit - Overload, thermal cut off, short circuit and fuse protections - High efficiency for lower power consumption and lesser back up battery capacity - 2 hu height for lesser rack space		QP2125	472.0
39			QP2250	519.0
40			QP2375	605.0
41			QP2500	653.0

AMPLIFIER CHANGEOVER UNIT

42	Manual Amplifier Changeover - 6 duty / 1 standby manual amplifier changeover, cascable with priority		AC3601	217.0
43	Amplifier changeover Panel for Amplifiers with AFS - 6 duty / 1 standby amplifier changeover, cascable with priority (to be used with AS4000 or PX series amplifiers)		AX700	217.0
44	Automatic Amplifier Fault Changeover - 6 duty / 1 standby Amp Fault Changeover panel with built in Pilot Tone, Input and Output changeover		AX3700	549.0

MONITORING UNIT

45	Amplifier Surveillance Module - Amplifier line fault detection module (for use with AX700)		AS4000	82.0
46	Amplifier Monitoring Panel - 6 channel with individual signal input indicator and visual LED level meter		AM6000	126.0
47	Speaker Line Surveillance - 6 channel speaker line surveillance panel with digital impedance meter, impedance measurement method allowing line branching supervisory.		LS4600	498.0

SELECTOR

48	Uninterrupted Speaker Zone Selector - 6 channel uninterrupted paging c/w all call, paging and BGM inputs, remote selection and zone DC output for overriding facility		ZS5602	217.0
49	Speaker Zone Selector - 6 channel selector c/w all call, priority contact and remote selection		ZS5601	174.0
50	Speaker Zone Selector - 12 channel selectr c/w all call, priority contact and remote selection		ZS5121	218.0
51	BGM Source Selector - 4 input BGM source with daisy chain selection		SS6401	66.0

POWER DISTRIBUTION

52	Sequential Power Switcher - 7 channel sequential power switcher with delay off timer, safety lock		SQ9715	261.0
53	Automatic Battery Charger - Rack mount auto battery charger with 3A output, digital volt/ ammeter, current regulated auto charging		BC9730	283.0
54	24V DC Regulated Power Supply - 1 hu rack mount 4 Amp 24V switching power supply with short circuit protection and back up battery supply switchover		PS9400	135.0

55	Zone Automatic Volume Control Panel - 100W 100V line AVC panel with dual sensitivity setting, 5 steps attenuation for localised zone installation		AV7200	173.0
----	--	---	--------	-------

VOLUME CONTROLLER

86 X 86 mm face plate				
56	5w 8 Ohm resistive volume controller with overriding indicator		VC 7805B	19.0
57	5w 100v resistive volume controller with overriding indicator		VC 7005B	19.0
58	10w 100v resistive volume controller with overriding indicator		VC 7010C	21.0
59	30w 100v auto-trans volume controller with overriding indicator		VC 7030B	24.0
60	50w 100v auto-trans volume controller with overriding indicator		VC 7050B	25.0
61	100w 100v auto-trans volume controller with overriding indicator		VC 7100B	30.0
62	150w 100v auto-trans volume controller with overriding indicator		VC 7150B	34.0
39				
5w 100v auto-trans volume controller with overriding indicator			VC 8005	19.0
63	10w 100v auto-trans volume controller with overriding indicator		VC 8010	21.0
64	30w 100v auto-trans volume controller with overriding indicator		VC 8030	24.0
65	50w 100v auto-trans volume controller with overriding indicator		VC 8050	25.0
70 x 120 mm face plate				
66	5w 100v resistive volume controller with overriding indicator		VC 7005A	19.0
67	10w 100v resistive volume controller with overriding indicator		VC 7010A	21.0

68	30w 100v auto-trans volume controller with overriding indicator		VC 7030A	24.0
69	50w 100v auto-trans volume controller with overriding indicator		VC 7050A	25.0
70	100w 100v auto-trans volume controller with overriding indicator		VC 7100A	25.0
*All volume controllers are supplied <u>without</u> surface mount or concealed back boxes.				

VOLUME CONTROLLER

71	6 zone 50W rack mount volume control panel		VR7605	132.0
72	6 zone 100W rack mount volume control panel		VR7610	159.0
73	6 zone 150W rack mount volume control panel		VR7615	170.0

LOCAL PATCH PANEL

74	Localised Speaker Paging - 100W local patch panel with overriding indicator, 90x90mm plastic faceplate w/o back box		VP7501	18.5
75	Hotel Bathroom Music - 10W BGM-TV music overriding module, 90x90mm ABAS faceplate w/o back box		VP7810	23.0

SPEAKER

76	Weatherproof ceiling speaker 3 or 6W 100V line input with 4" driver, Aluminum grille and PP cone speaker for high humidity environment, IP54 rated		CS343	32.0
77	Dual cone ceiling speaker - ABS Enclosure - 6W 5" 100V line dual cone ceiling speaker with matching transformer, back enclosure and wiremesh grille		CS510	19.0
78	Dual cone ceiling speaker - ABS Enclosure - 6W 6" 100V line dual cone ceiling speaker with matching transformer, back enclosure and wiremesh grille		CS610	22.0

79	Dual cone ceiling speaker - Metal Enclosure - 6W 6" 100V line ceiling speaker with metal enclosure, grille and frame		CS606	19.0
80	Co-axial ceiling speaker - 20W 6.5" 100V line co-axial ceiling speaker with matching transformer, back enclosure and wiremesh grille		CS620	43.5
81	Co-axial ceiling speaker - 40W 8" 100V line co-axial ceiling speaker with matching transformer, back enclosure and wiremesh grille		CS840	64.0
82	Surface Mount Box Speaker - 6W 4" 100V line surface mount box speaker		BS410	22.5
83	Surface Mount Speaker - 10W 4" 100V line surface mount speaker		DV410	22.5
84	Compact Music Foreground Speaker - 20W 4" 100V line fullrange speaker		FS420	50.0
85	Compact Music Foreground Speaker - 40W 6" 100V line fullrange speaker		FS640	72.5
86	Compact Music Foreground Speaker - 20W 4" 100V line fullrange speaker		FS520	61.0
87	Compact Music Foreground Speaker - 25W 6" 100V line fullrange speaker		FS625	81.0

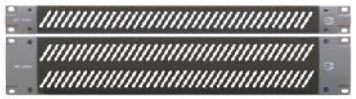

SPEAKER

88	Foreground Music Speaker - 40W 100V line rating with max power of 60W 2 x 4" driver with 1" tweeter, Horizontal or vertically mounted, Polar array with 2, 3, or 4 cabinet installation, Ruggedly built with pleasant contour		FS338B	118.0
89	Sound Projector Speaker - 10W 5" 100V line sound projection speaker		SP219	66.5

90	Weatherproof Clean Horn Speaker - 30W 100V line with power tappings, Aluminum grille and PP cone speaker for high humidity environment, IP54 rated		HS725	110.0
91	Round Flare Horn Speaker - 15 W 100V line horn speaker with 8" aluminium flare		HS815	43.0
92	Round Flare Horn Speaker - 30 W 100V line horn speaker with 12" aluminium flare		HS830	49.0
93	Rectangular Flare Horn Speaker - 15 W 100V line horn speaker with ABS flare, IP65		HS820	46.0
94	Rectangular Flare Horn Speaker - 80 W 100V line horn speaker with ABS Flare, IP65		HS880	91.5
95	Column Speaker - 20W 100V line column speaker with 2x4" speaker ; alum diecast housing		CH720	66.0
96	Column Speaker - 30W 100V line column speaker with 3x4" speaker ; alum diecast housing		CH730	80.0
97	Column Speaker - 40W 100V line column speaker with 4x4" speaker ; alum diecast housing		CH740	88.0
98	Line Array Speaker - 100W 100V line 4 way array speaker		LA4100	266.0

ACCESSORIES

	BACK ENCLOSURE FOR VOLUME CONTROL PANEL		
99	Concealed back enclosure for 70x120mm plate		EC7012 9.0

100	Surface mount back enclosure for 70x120mm plate		ES7012	10.0
101	Concealed back enclosure for 86 x 86mm plate		EC9090	9.0
102	Surface mount back enclosure for 86 x 86mm plate		ES9090	10.0
MICROPHONE PATCH PANEL				
103	Single inlet XLR microphone panel - wall mount - Neutrik connector		MP1000N	17.0
104	Double inlet XLR microphone panel - wall mount - Neutrik connector		MP2000N	25.0
105	5 input XLR panel - rack mount panel - 1 hu - Neutrik connector		MR5000N	68.0
106	10 input XLR panel - rack mount panel - 1 hu - Neutrik connector		MR1000N	111.5
RACK PANELS				
107	1 hu blank panel with Amperes harmony mounting ear		BP1000	14.5
108	2 hu blank panel with Amperes harmony mounting ear		BP2000	18.0
109	1 hu ventillation panel with Amperes harmony mounting ear		VP1000	18.0
110	2 hu ventillation panel with Amperes harmony mounting ear		VP2000	20.0
POWER SUPPLY ADAPTOR				
111	12V DC power supply adaptor		PS1201	16.0
112	24V DC power supply adaptor		PS2401	18.5
113	24 V DC 4.5 A regulated switching power supply module		PS9000	43.0
